Full Stack WEB Developer
From 2022 - Current | Arfa Tower

I started my course at the beginning of this year and have gained a lot of experience so far. While learning web development course I have completed some projects some of which I am going to share with you.

PROJECTS

TextUtils

TextUtils is a word counter and a character counting utility which can be used to manipulate your text in the way you want. You can remove extra spaces, copy the manipulated text as well as covert your text from uppercase to lowercase, & lowercase to uppercase.

Google Keep Clone

Keep Clone is project, made for practicing my skills and show up a fully functionaing JavaScript clone for google keep This is a Google Keep inspired, Notes keeping app. The best part? All the notes you save are kept locally on your computer!

NewsApp

NewsApp can be used to grab quick daily news bites from worldwide in this app you can easily read news articles and explore the world.
